To: Solid fuel appliance applicants  
From: Robert Frederico, Building Inspector  
RE: Submissions

December 15, 2014

The following items are **required** when applying for a solid fuel burning appliance permit (wood, pellet, gas):

- \*Copy of instruction manual showing clearances to combustibles.
- \*Copy of instruction manual showing venting information.
- \*Millbury solid fuel burning application (completely filled out).
- \*Check made out to 'Town of Millbury'.
- \*Massachusetts workers' compensation affidavit.
- \*Copy of installers' liability insurance certificate.
- \*Copy of installers' Construction Supervisors License.
- \*Copy of installers' Home Improvement Contractor Registration.

\*\*Homeowners performing their own work will not have access to the guarantee fund under the Home Improvement Contractor Program.

Incomplete submissions will be rejected.

**Final inspections** shall be requested in writing by the PERMIT HOLDER.

Upon final inspection, the following are required:

- \*Carbon monoxide and smoke detectors
- \*Fire extinguisher
- \*Steel equipment for ash removal
- \*Homeowners' copy of installation manual
