

PUBLIC SHADE TREES

Trees that are located within the layout of the public way are protected by law. Tree removal or pruning may not be undertaken without a permit issued by the Tree Warden.

Removals require that a public hearing be held unless the tree is found to pose a significant risk to public safety as determined by the Tree Warden.

Call the Tree Warden at 508-865-9762 to find if a particular tree is located within the public way.
