**Vaping Issue – Behavior Counseling:** Greg Myers led the round table discussion addressing the schools vaping crisis and solutions to assist rather than punish students that have become addicted to vaping. Suspension and missing school is not an effective solution for addicted students. Budget constraints are an issue and a shared position may be a solution. Discussed grant opportunities and sharing a behavior counselor. All agreed that this was a productive discussion and will promptly move forward with grant applications and the potential shared position with Millbury and Grafton.
