Citizens Speak

Terry Burke Dotson of 20 Salo Terrace stated that the Town needs to say no to the affordable housing project. Its not safe to put the homes there. The Department of Housing and Community Development makes the determination but also the Town can say no. Selectman Krumsiek stated that's up to the Board of Appeals, she will sit and meet with the developer and express her concerns. Terry stated the Planning Board will welcome him back, there are 4 other parcels for single family homes. Selectman Delaney stated that the Planning Board should've reached out to the developer before but now its in the hands of the developer and the Board. Terry stated the Planning Board tried everything but the developer didn't want to make the change. Selectman Delaney added that Millbury needs more affordable housing in general and Terry stated she offered a way out of that. The Board replied that the town cant buy houses. Selectman Naff stated that the Planning Board is out of the process now due to not being on the same page with the developer and it's the reality, the only thing the BOS can do is to try to land an agreement with the developer. Lastly Terry asked for a hard copy of her compliant about the Open Meeting Law from the Town Manager
