7:05 PM: Official Call to Order

7:05 PM: Michael & Nancy Boyle for the property located at 2 Skyview Drive, Millbury, MA.

Mr. Michael Boyle explained to the board that he and his wife bought the property at 2 Skyview Drive back in June 2019 with an existing white vinyl stockade fencing at the left rear of the property that the previous owners had installed, it is eight (8) feet high, Mr. Boyle checked with the town and any fencing over six (6) feet high needs a permit and there was no permit on it, the Boyles would like to keep the fence, Mr. Boyle supplied to the board several pictures of the fencing (please see attached). Mr. Boyle talked to his neighbors and none of them seem to object to the fencing the Boyles also belong to the home owners association and the board said that they have no problem with it. The fence is sixty (60) feet from the curb so there is no blinded sight to the traffic. When he first looked at the property he thought eight (8) feet high was unusual so he asked the previous owners real estate agent to find out if there was a permit, they got delayed and they turned it over to the Boyles when they bought the house. Mr. Boyle talked to the building inspector where he had already talked to the previous owners about the fence and that Mr. Boyle needs to go to the BOA for the Special Use Permit. Ken Perro explained to Mr. Boyle that there is an alignment problem with the fence and that part of the fence is assumed to be on town property, however Mr. Boyle pointed out that the fence in question is on his property but that there is a separate fence on the other side of the property that is a 4 (four) foot chain link fence that is assumed to be on the town property, he already went and talked with a fence company and got an estimate to have it removed and additional white vinyl fencing installed on his property once he receives a final decision from the board he will have the chain link fencing removed.

Paul Stringham explained to the board of Mr. Boyle’s situation and that he was duped by the previous owners and that to give Mr. Boyle at least a year to rectify the chain link situation because sometimes it’s difficult to book a fencing company within a proper time frame.
