Children's and Young Adult Librarian and Assistant Director. Tracy comes to us from the
Newton Free Library.

Policy Review:
  a. Collection Development Policy Discussion and Possible Vote
      • Tabled
  b. Circulation Draft Policy
      • The Board discussed the draft for the new circulation policy. Because this is an
        official policy of the Library, we need to ensure industry terms are used.
        However, because this policy is also patron facing, we need to make it easily
        understood in "layman's terms."
      • See attached document, "Millbury Public Library - Circulation Policy Rules
        (Draft)."

Director's Report:
  • WorldBand installed the battery backup on a server. They also installed a new hard drive
    for a computer that is now set up in the Teen Room.
  • Jeff from WorldBand explained we need more access points or to strategically place our
    router for better Wi-Fi access. This may need to be discussed with CWMars. There is
    concern that we do not have sufficient bandwidth for access points.
  • WorldBand was back because a computer on the upper level needed a new CMOS
    battery. They replaced and the computer is functioning.
  • WorldBand updated the DNS servers for the telephone system.
  • We hired three new staff members in addition to Tracy.
    o Library Assistant
      • Nadia Friedler

• We have sent out several quotes for new carpeting. Those will be received in early December. Previously this was budgeted at $50,000.00.
• The Hot Spots are still not working. We should have a technician come to the library to ensure they are set up properly.
• Wi-Fi was down and needed to be reset. It appears a new access point is needed and will cost approximately $990.00 for a new one.
